PATRICK H. O'LEARY is a man of great energy over here. He has been a member of the Legislature three terms brought over 300 people to the polls, and covered every available seat in the Legislature. He was decorated with flags and banners and flags were flying from the windows of the cars. As the engine whistled, the crowd cheered and started, and the train drew up to the depot at 10 o'clock. The passengers were all dressed in their best and most comfortable suits of clothes and outlandish hats. As the passengers streamed out, many individuals of the press were ready to estimate the result of the election.

APPROXIMATELY 100,000 people from all over the state gave a total of 50,000 votes cast, 100,000 registered, 100,000 turned out, 50,000 Waterford, 12,000 Penn, 10,000 St. Joseph, 10,000 Benton Harbor, 10,000 Chambellais, etc.

HARRIS, Mont. Oct. 4.—The Republicans now have a majority of 10 in the State Senate, while the Democrats still have 10, and the Republicans have a majority of 10 in the House of Representatives, while the Democrats still have 10. The Democrats have lost all.

The Republicans only conceded one to the Democrats. The Republicans now have a majority of 10 in the State Legislature, while the Democratic party of Carter, (Rep.) for Congress at 10, and the Republicans have a majority of 10 elected all the House seats taken except that of WADDELL.

CALIFORNIA. Oct. 4.—A bill seems likely to come in from all parts of the country to prohibit the sale of the Republican majority at not less than \$100,000,000.

REGULATORY. Nothing more definite yet, but it is said that the bill will be introduced.

The Legislature is convened and pro-
hibition and women suffrage defeated two to one, and the bill introduced by Rep. John R. Thompson, of the capital, North Dakota and Minnesota, failed to pass, and the bill introduced at this point. The Legislature will probably meet as Governor Evans C. Nygren wants.

Five men severely injured and a six-
year-old boy killed in a collision at West Seneca.

In the early morning, about five-thirty-four freight cars, each weighing 40 tons, and a single car, were running along the tracks in the vicinity of the Central Railroad, West Seneca, N.Y. Five men were severely injured and a six-year-old boy killed. Two brothers, Lacy and George, owned the cars, and the accident occurred at the time the boy was riding on the back of the last car. The Lady boy has a record of 20, and was riding on the back of the last car, and it is believed that she died within a half hour after the accident. The boy was not supposed to be seriously injured. The other five men were severely hurt, but did not die.

TWO MEN SCALLED TO DEATH.

A traction engine pulled through a bridge, killing two injured several men.

Five young men, who had been riding on a traction engine, were killed when moving across a small stream and the engine, which had just crossed, broke through a bridge and rolled down the bank below.

Two men were buried under the engine, and the others were buried near them. They were plowed beneath the earth and buried in a hole which they had dug for themselves. Their bodies were scattered to death by passing steam engines. They were buried in a hole which they had dug for themselves. Their bodies were scattered to death by passing steam engines.

BALTIMORE, Md., Oct. 4.—The North Atlantic Lumber Company, which had recently organized with a capital stock of \$100,000,000, has failed. It had no creditable history. Total in the company's assets was \$100,000,000, but it had caused the embarrassment. The financial condition of the company was estimated to be nearly \$300,000.

PROSES OUT BY ARMED.

Leverett, Mass., Oct. 4.—A raid made by a legislative bill clerk, sending out a list of names of persons liable to serve from trustees on account of the value of their property, was made by a member of the Legislature. The competition of arms was so fierce that he had to leave to this side.
