JUDGE WM. SHARKEY, PROVISIONAL GOVERNOR OF MISSISSIPPI.—The Times, of Cincinnati, publishes the following statement of an extraordinary and revolting case, which was passed on in the Mississippi Courts by Judge Sharkey some years ago:

A planter was afflicted with a loathsome disease. So offensive were his ulcers, that he was deserted by his white friends, and while thus afflicted and forsaken, a girl whom he viewed as a slave kindly and patiently waited upon him, dressed his ulcers, cleansed his person, and watched over him until he eventually recovered. With gratitude and affection to his benefactor, he took her to Cincinnati, Ohio, executed to her a deed of manumission, had it recorded, returned to Mississippi, and there married her in legal form. They lived together affectionately for many years, reared a family of children, and as he lay upon his death-bed, by will he divided his property between his wife and children. His brothers hearing of his death, came forward and demanded the property. The widow and children were indignant at the demand. They, too, were seized, and the validity of the marriage was tried before Judge Sharkey, of that State, who decided that the whole matter was a fraud upon the law of slavery—that the property belonged to the collateral heirs.—His widow was sold by the surviving brothers, the children were bid off at public auction, and both mother and children now toil in chains or sleep in servile graves.

And this infamous wretch President Johnson has appointed Provisional Governor of Mississippi. His removal should be demanded at once—a wretch who pollutes the earth.

The comp. oil of the petroleum district in Pennsylvania is thought to be finer than anything in Grease or the Mediterranean seas.

Italy and the Pope have concluded an arrangement on the Episcopal question. The Bishops are to return, and the Pope will immediately fill the vacancies.

The ancient cooks carried their arts to the most whimsical perfection. They were able to serve up a whole pig, boiled on one side and roasted on the other.

Biddy, while on a begging expedition, was asked by a lady if she had any children. "Yes, mum," replied Biddy, with great readiness, "I'm the mother of an orphan."

The cheerful life longest in life, and after it, in our regards. Cheerfulness is the offshoot of goodness. It is a sanitary principle as well to the body as the mind, and it is to both the cause and effect of health.

A boy whose general appearance betokened the want of a father's care, being asked what his father followed for a living, replied, "He's a Methodist by trade, but he don't work at it any longer."

What Sheridan said of wine may be applied to joking, the best to enjoy is that which you crack at on another person's expense.

EXTRAORDINARY SALARIES OF SOME OF OUR OFFICE HOLDERS.—The Stockton Independent of July 11th says: There is scarcely a county of the State, in or out of the mines that is not by far too dearly governed. Just look at it! An able-bodied laboring man or mechanic, by working every day in the year, after paying his moderate expenses, can hardly lay up \$400 or \$500. Not one in ten reaches the lowest of these figures.

A merchant whose investment does not exceed \$15,000, is glad to clear \$2,500 a year. Not one farmer in fifty, with an investment not exceeding \$10,000, and employing from four to eight hands, realizes as much as \$2,000 per year. Yet, in the face of this general low ebb of trade and wages, there are mountain counties whose lists of taxable property, real and personal, do not exceed two and a quarter million dollars each, where the Sheriff realizes as high as \$8,000 or \$10,000 per year, the Clerk nearly as much, besides heavy pay for one or two deputies; the District Attorney from \$3,000 to \$5,000, the County Judge nearly as much, though not employed a quarter of his time, with multiplied officers of lower grade, either fed or salaried, in which the pay is proportionately heavy. We actually pay our common laborers, here less than the same labor commands in Massachusetts or Illinois, and our farmers and mechanics can make no more here than there. But our County Clerks, Sheriffs, Recorders, and lowest Judges of Courts of record receive twice as much as New England and Western Governors of States, Supreme Judges or members of Congress.

This may be sound political economy, but we don't see it. The laborer is worthy of his hire as well as the public official, and the wages of one ought not to be out of all proportion to the wages of the other, unless we wish to establish an official aristocracy on the one hand and a plebeianism of honest labor on the other. The interior papers are doleful in duty in not advocating and pushing a general reform in the matter. It is difficult to over-estimate the services of genius or a very high order of intellect; but these are qualities seldom found in official stations in this part of the world. The very lowest of demagogic arts are by far more characteristic; and that the poor mountain counties are so severely taxed to pamper the miserable broods their own fault. Cut down their wages to a half or a third of their present rates, and honest, capable men, less purchasable and less tempted and disposed to purchase others, because divested of the power, will fill official stations, devoting their whole attention to duty and business rather than as now to political wire-pulling and office-grabbing.

ANNE AS A MAN'S NAME.—Anne is, or was, common as a man's name among the French. The celebrated warrior, the Constable Anne de Montmorency, flourished in the time of Francis I. of France, and was killed at age of seventy-four years, at the battle of St. Denis, November 10th, 1567. Although he bore a feminine name, he was anything but a woman in temper or disposition. He was a rough, brave, cruel soldier and general.

A young man was fined the other day twenty dollars for kissing a pretty girl when she didn't want him. It often costs ten times as much when they do want him to.

"I shall be at home next Sunday," the young lady remarked, as she followed to the door her beau, who seemed to be wavering in his attachment. "So shall I," was the brute's reply.

Virtue springs from industry rather than religion. We care not how pious a man is; let him loaf for a week; and he will feel the devil in him bigger than a woodcock.

A great flood in the district of Berthier and Sorel, in Canada, recently swept away houses, barns, and stock, and drove the inhabitants into the tall trees. Many lives were lost.

NEW REMEDIES! NEW REMEDIES!

Dr. Gibbon's Dispensary,

(Established in 1854.)

17 Kearney street, near Commercial, San Francisco.

EXPOSURE OF QUACKERY.

For the treatment of Sexual and Seminal Diseases, such as gonorrhea, gleet, stricture, syphilis in all its forms, scrofula, weakness, impotency, etc. Skin diseases [of years standing] and Ulcerated Legs, successfully treated.

DR. GIBBON has the pleasure of announcing that he has returned to this State, after an absence of one year, during which time he has visited all the principal hospitals of Europe—among them those of Dublin, London and Paris. The following celebrated hospitals of London are among those visited by the Doctor: Guy's, High street, Borough; St. Bartholemew's, Smithfield; St. Luke's, Old street; St. Mary's, Cannon street; Park Lane, Harrow road; University, Gower street; Westminster, Broad Sanctuary; Charing Cross, Agar street, Strand; London, White-chapel road; Royal Free, Gray's Inn road; King's College, Portland street.

Dr. Gibbon has also visited Dr. Acton of London; Parker of Birmingham, England, and Ricord of Paris, who are considered the best physicians and surgeons in the world, and whose authority is acknowledged to be the highest in the treatment of Sexual Diseases. Dr. Gibbon has obtained from them their new mode of treatment, which cannot be surpassed. Dr. Gibbon has spared neither time nor money in seeking out new remedies, and has returned with increased facilities for the alleviation of human suffering.

Horrible Diseases.

How many thousands of persons, both male and female, are there who are suffering out a miserable existence from the effects of secret indulgences, or from virus absorbed into the system. Look at their pallid, emaciated and disfigured faces and their broken constitutions, disqualifying them for the happiness of marriage or the enjoyment of life.—In this horrid situation thousands suffer until death closes the scene. Let parents, guardians and friends attend to those who are suffering with any of these horrible, life-destroying maladies—see that they are cured and cured before it be too late. Send them immediately to Dr. Gibbon, a physician who has made private diseases his special study for years, and who is certain to cure the most inveterate cases without mercury or any injurious drugs. It is important to those who are afflicted, or to those who are interested in the welfare of their friends, to be careful of the many pretended Doctors who infect all cities, publishing their skill in curing all diseases in a few days, imposing upon the public by using the names of eminent physicians in Europe and other places. Be therefore careful and make enquiry, or you may fall into the hands of those charlatans.

Seminal Weakness.

Seminal Weakness, the consequence of self-abuse. This solitary vice or depraved sexual indulgence is practised by the youth of both sexes to an almost unlimited extent, producing with unerring certainty the following train of morbid symptoms, unless counteracted by scientific medical measures, viz: salivary countenance, light watery complexion, pain in the head, ringing in the ears, noise like the rustling of leaves and rattling of chariot, uneasiness about the loins, weakness of the limbs, confused vision, blunt intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, hectic flushes, pimples and various eruptions about the face, furred tongue, feebly breath, cough, constipation, night sweats, rheumatism and frequent incontinence. If relief be not obtained speedily, it will ultimately either in person or by letter, and have a cure effected by this new and scientific mode of treating this complaint, which never fails of effecting a quick and radical cure. Dr. G. will give \$100 to any person who will prove satisfactorily to him that he was cured by either of the San Francisco quacks.

Dr. Gibbon is responsible and will give to each patient a written instrument binding himself to effect a radical and permanent cure or make no charge.

Persons at a distance may be cured at home by addressing a letter to Dr. Gibbon, stating case, symptoms, length of time the disease has continued, and have medicine promptly forwarded, free from damage and cost, to any part of the country, with full and plain directions for use for ten dollars, sent in a registered letter, or through Wells, Fargo & Co.

THE NOMINATING CONVENTION.—The County Union Convention, for the nomination of State Senator, Assemblymen, and candidates to fill the county offices, met at the County Court House, on Thursday, at the appointed time; opening with a grand farce it continued water-logged, and tail-tied for the whole day without arriving at a permanent organization. The "Bannings" taking possession of the temporary organization, and the committee on credentials finding the Banning interest in the minority, re-vamped their report, by which act they threw the precincts of Santa Catalina Island and Anaheim into contest, for the same reason that they might have thrown by every precinct in the county—merely because the Banning delegates were defeated. This may be said of every precinct in the county, except Wilmington and Los Angeles; the latter, however, cannot be claimed for Mr. Banning upon the Union vote. Capt. Swazey, an army officer, and of course not a citizen of this county, and not eligible to be a delegate—was appointed chairman of the committee on credentials; Col. Curtis, in lobby, engineering matters to the utmost. The whole, when summed up, shows one of the boldest attempts to break up the Union organization here, which was ever sprung upon a political party. Mr. Banning must be the next Senator whether the Union party want him or not. All the military officers and shoddies throughout California, Arizona and New Mexico—all those who are interested in the gigantic swindles upon the Government, which are soon to be inaugurated in Arizona, in connection with the removal of the Capital of the above named Territory, from Prescott to Tucson, the corruption incident upon the establishment of a large military force in the vicinity of the Pima Villages, need the services of Mr. B.; they must be secured whether the Union party support the measure or not. Mr. Banning's absence from the county, at present, has some connection, no doubt, with the scheme now on foot, as we have ascertained, upon reliable authority, that B. desires the location of the Capital above mentioned, to be at the Maricopa Wells, or at the Pimas, or at some other point adjacent to Tucson, where a town site can be procured. The Union party have thus far, in the canvass, disapproved the above movements, and measures; it will continue, to disapprove of all chicanery, fraud and corruption of the character which has been so unjustly thrust upon it by the nomination of Mr. Banning—to force Union men to vote for him when he does not "fill the bill." The convention water-logged on a motion to adopt the report of the committee on credentials, which unfairly disfranchised the anti-Banning side of the question, the latter having a clear working majority—About sun-set—not yet having affected a permanent organization—W. F. Swazey was called to preside by the temporary chairman, S. Haley, and the nomination of the Banning ticket was made in about ten minutes by a *vote* vote, none but their own men voting, when they adjourned *en* *die*; eleven votes being the highest number cast for any of their candidates, out of twenty-three legally represented precincts. After the Banning delegates left the room—and whose conduct and exit was equivalent to "bolting" outright—the convention took up the business in regular order and proceeded to nominate a full and regular ticket. The enactments of the day, in detail would fill a quarto volume; it furnished the most ridiculous and disgusting farce ever perpetrated upon a people; it has burst up and will defeat the Union party in this county, for all of which Mr. Banning is held directly responsible. His managers unflinchingly boast of the amount of money squandered and used to carry the primary election, as well as the price paid for proxies; they still boast that money will and shall carry him through to the Senate chamber. If the proceedings of Thursday is a sample of the corruption adopted by Senator Conness, and Gov. Low, under which to ride into position, when the contest is over they will have learned a lesson; that dictation, fraud and corruption is not the best policy; a lesson which will leave Gov. Low at home, and one that will leave Conness through his present term in the U. S. Senate, never to return at home the next.

CONNESS AND LOW IN EL DORADO.—The Union says it is now proposed, by the Conness men here, to run a ticket with men and it is well understood that every man must go for whomsoever Conness may tell them to. It is against such dictation as this that we protest, a dictation that robs the people of their dearest rights, and makes it a tool of the scheming and ambitious men that form and belong to the Conness party. Mr. Conness is the Senator at Washington, let us strengthen his hands thus in discharging his duties, but when he passes beyond the limit of his duty, plays the ward politician, and demeans his office, let us send him back to his place; this is what the people are called on to do to-morrow.

Yes, that is our hand exactly. We are opposed to public men dictating to the people. We have been slow to believe Mr. Conness desired to dictate to the Union party who they should have for United States Senator, but we are in doubt no longer. Recent events in this county have demonstrated the fact that Conness and Low were determined to force the election of men bound to their interests. It was openly boasted here that the money used so freely in buying men on the day of the primary election, and buying proxies afterwards, came from up-country. Conness and Low, it would seem, had no confidence in any other Union man here but Banning, who was recently appointed Postmaster of this city, was threatened with denunciation if he did not go for Banning. He scorned to be bought. Dictation was also resorted to with other Union men—to their shame be it said, some yielded and did as they were ordered. But John Conness cannot dictate to the mass of the true and tried Union men of this county whom they shall nominate for legislative or other positions—they are men of sufficient capacity, intelligence and independence to choose for themselves—they desire and will brook no interference from Conness, Low, or any of their satellites. Governor Low has not money enough to buy the Union party of this county—it is not for sale. For a long time we have backed John Conness, believing that the attacks made on him, charging him with desiring to control and dictate to the Union men of this State, were malicious, gotten up by his enemies to destroy him; but things that have transpired here within the last few weeks have tended to enlighten us—we go the "only sober Senator" no longer. We predict that Low will not be U. S. Senator, though he has sought to buy the position.

The following telegram was received here, from San Francisco, on the evening of the 19th inst:

WASHINGTON, July 19.—*via* San Francisco, 19th.—All the conspirators sentenced to be hanged to-day were executed. The arrangements for the execution were perfect; General Hancock was present throughout the proceedings. Payne made a statement on behalf of Mrs. Suratt exonerating her from culpability, and that all the other prisoners subscribed to an affidavit impeaching testimony of important witnesses against her.

The names of those hanged were Mrs. Suratt, Payne, Alserrott and Harold. Dr. Mudd and O'Laughlin, were sentenced to penitentiary for life, and Spangler for five years hard labor.

ON THE WAY.—Maj. M. B. Duffield, U. S. Marshal for Arizona, arrived here by the steamer Pacific, on her last trip, on his way to Tucson. He left here this morning.—The Major has rather disturbed the plans of Gov. Goodwin, and the rest of the Copperhead horde of Government appointees, in their attempt to deceive and swindle the Government.

DELEGATES.—The following named gentlemen were elected, yesterday, delegates to the Union State Convention: Wm. M. Stockton, H. C. Wiley, C. R. Johnson and R. Sackett.

HEAVY PENALTY.—We direct attention to the ordinance to be found in another column, prohibiting the carrying of deadly weapons, under a penalty of one hundred dollars.

FARE EAST.—On the 18th instant, the Pacific Mail steamship Golden City sailed for Panama, carrying passengers as follows: First cabin, outside rooms, \$225; do, inside, \$200; second cabin, \$190; steerage, \$80.

YREKA, July 18.—A letter has reached here stating that the Indians killed two men at Surprise Valley, cutting up their bodies and hanging the pieces around on the bushes.

It is stated that a French war steamer has taken possession, in the name of the French Government, of Malden Island, lying in latitude 8 1/2 S. long. 154 50 W.—The island is estimated to contain 500,000 tons of guano.

A dispatch from Salt Lake, July 16th, says: The last stage from Virginia City, Montana, was attacked by "read agents" (robbers). Four passengers were killed, and the stage robbed of \$75,000 in treasure.

Walter Murray has been nominated as the Union Senator from Santa Barbara and San Luis Obispo counties.

Chas. E. Huse is the Union nominee for the Assembly from Santa Barbara county.

It is said that ex-Governor Wright of Indiana will be tendered the Mission to Berlin.

U. S. 7-30 LOAN!

BY AUTHORITY OF THE SECRETARY of the Treasury, the undersigned has assumed the General Subscription Agency for the sale of United States Treasury Notes, bearing seven and three-tenths per cent. interest, per annum, known as the

SEVEN-THIRTY LOAN.

These Notes are issued under date June 15th, 1865, and are payable three years from that time, in currency, or are convertible, at the option of the holder, into

U. S. 5-20 Six per cent. Gold Bearing Bonds.

These bonds are now worth a premium of nine per cent., including gold interest from November, which makes the actual profit on the 7-30 loan at current rates, including interest about ten per cent. per annum, besides its exemption from STATE AND MUNICIPAL TAXATION, WHICH ADDS FROM ONE TO THREE PER CENT. MORE, according to the rate levied on other property. The interest is payable in currency, semi-annually, by coupons attached to each note, which may be cut off and sold to any bank or banker.

The interest amounts to
One cent per cent. on a \$50 note.
Two cents " " \$100 " "
Ten " " \$500 " "
Twenty " " \$1,000 " "
\$1 " " \$5,000 " "

Notes of all the denominations named will be promptly furnished upon receipt of subscriptions. This is

THE ONLY LOAN IN MARKET

now offered by the Government, and it is confidently expected that its superior advantages will make it the

GREAT POPULAR LOAN OF THE PEOPLE

Less than \$300,000,000 of the loan authorized by the last Congress, are now on the market. This amount, at the rate at which it is being absorbed, will all be subscribed for within four months, when the notes will undoubtedly command a premium, as has uniformly been the case on closing the subscriptions to other Loans.

In order that citizens of every town and section of the country may be afforded facilities for taking the loan, the National Bank, State Banks, and Private Bankers throughout the country have generally agreed to receive subscriptions at par. Subscribers will select their own agents, in whom they have confidence, and who only are to be responsible for the delivery of the notes for which they receive orders.

Sale of Real Estate in Partition.

WHEREAS, a decree was duly made and entered by the Hon. District Court of the First Judicial District at a regular term of said Court, held at the town and county of Santa Barbara, on the tenth day of June, A. D. 1865, in a certain cause in equity then pending, between Maria de Jesus Olivera de Cota and Francisco Cota, plaintiffs, vs. John Temple, et al., defendants, adjudging and decreeing among other things, that all and singular, the following described lands and premises situated in the county of Santa Barbara, State of California, be sold by and under the direction of the undersigned, Referees, appointed by decree of said Court for that purpose, to-wit:

All that certain tract of land or rancho, called and known as the rancho of "Santa Rosa," granted by the Government of Mexico, in the year 1833, to Francisco Cota, deceased, and finally confirmed by U. S. Board of Land Commissioners, to heirs of said Francisco Cota, deceased, containing three and one-half square leagues, and bounded on the north by the rancho of Jose Rios and the rancho of Los Alamitos, and on the west by the rancho called Lompoc and the Santa Ynez river; on the south by the rancho of San Julian, and on the east by the ranchos of Las Cruces and San Carlos de Jonata.

And in accordance with law and order given, that the undersigned will sell all and singular said lands and premises, with the hereditaments and appurtenances, in front of the court house door, in the town and county of Santa Barbara,

On MONDAY, the twenty-first day of August, A. D. 1865,

at 10 o'clock a. m., to the highest bidder for cash, in U. S. gold coin. Terms of sale, twenty per cent. of purchase money to be paid at time of sale, and remainder on approval of sale by said court.

The above is a first-class grazing farm, with an abundance of water and timber, and a large part of the same excellent agricultural land. It contains very valuable and extensive deposits of asphaltum, and is, in the opinion of competent experts, in a favorable locality for petroleum.
